STATEMENT ESTABLISHING THE PROPRIETARY INTEREST OF  
ASSIGNEE UNDER 37 C.F.R. § 1.47(b)

I, Gerald V. Dahling having an address of Aventis Pharmaceuticals Inc., Route 202-206, P.O. Box 6800, Bridgewater, NJ 08807-0800, make application for patent of the above-identified application on behalf of Inventor Larry THROWER in order to preserve the rights of assignee Aventis Pharmaceuticals Products Inc. a Delaware corporation (hereinafter referred to as "APPI"), and make this statement to the facts establishing that Inventor THROWER has assigned all of his rights, title and interest in the above-identified application to APPI.

As of the date I sign the instant Statement, the propriety interest in the invention clearly belongs to APPI, having an address of Route 202-206, P.O. Box 6800, Bridgewater, NJ 08807-0800. I am authorized to sign this statement on behalf of APPI as Senior Vice President of Global Patents.

The instant Application was filed under 35 U.S.C. § 371 and claimed the priority of International Application Number PCT/US99/17116 having an international application filing date of July 28, 1999, which in turn, claimed priority of U.S. Provisional Application Number 60/094,702 (hereinafter referred to as the “702 application”) filed July 30, 1998. On November 16, 1998, Inventor THROWER executed an assignment in which he assigned his entire right, title and interest in the ‘702 application, as well as *inter alia*, his entire right, title and interest in and to:

...every patent application filed or to be filed on the said invention and internationally, including renewals, revivals, continuations, divisions....

to Rhône-Poulenc Rorer Pharmaceuticals Inc., a Delaware corporation (hereinafter referred to as “RPRPI”) and its successors, assigns and legal representatives. A copy of the executed assignment is attached hereto and labeled “Exhibit A”.

On December 15, 1999, RPRPI filed a Certificate of Amendment with the State of Delaware to change the name of RPRPI to APPI, and on that same day, the Secretary of the State of Delaware issued a certificate of Amendment changing the name of RPRPI to APPI. Copies of these two documents are attached hereto as “Exhibit B” and “Exhibit C”, respectively.

The attached documents clearly demonstrate that Inventor THROWER has assigned all of his rights in the above-identified application to Aventis Pharmaceuticals Products Inc.

APPI has spent considerable funds in the development and legal protection of the instant Invention in the United States. Consequently, APPI files this petition in order to preserve its rights in the instant Application and to prevent irreparable damage to itself.

I, Gerald V. Dahling further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and

that such willful false statements may jeopardize the validity of this application or any registration issuing thereon.

Date: 12/14/01

Senior Vice President, Global Patents  
Aventis Pharmaceuticals Products Inc.
